Summary

◦ Highly-motivated student with desire to take on new challenges. Strong work ethic, adaptability, and exceptional interpersonal skills. Adapt at working effectively unsupervised and quickly mastering new skills. Responsible student ready to apply education in the workplace. Ability to handle challenging work, and excellent time management skills.

Education

2025. Bachelor of technology
specialized in CSE(AIML)
Institute Of Aeronautical
Engineering **Cgpa:8.86**

2021. Intermediate
Narayana Junior College
Grade:97 percentage

2019. Secondary Education
S.S.D Grammar High School
Grade: 85 percentage

Skills

- Python, java(Basics)
- Database management systems
- Object oriented programming
- Web Development: HTML, CSS and javascript
- version control systems: Git, SVN
- Frameworks and libraries: node.js, react.js

Projects

1 Sports Scheduler website

Developed a dynamic sports scheduler website that allows users to easily create, manage, and track sports events and team schedules. Key features include user registration and authentication, event creation and management, calendar integration, automated reminders, and real-time updates. The platform supports multiple sports and includes a user-friendly interface for desktop. Technologies: React.js for the frontend, Node.js and Express.js for the backend, and postgres for the database.

2 Protfolio website

Created a personal portfolio website for projects, skills, and professional experience. The site features a responsive design, interactive project galleries, and a contact form. Built using HTML, CSS, JavaScript, and React.js, with a focus on clean, modern aesthetics and user-friendly navigation.

3 Beginner Projects

- Registration website using html,css and javascript
- Small project on rock,paper and scissors game using python

Accomplishments

- Maintained a high academic performance record during my B.Tech.
- advanced Python programming certification completion.
- web development pupilfirst level 101 .
- Artificial intelligence with python certification.
- Introduction to IOT cisco certificate completion
- Programming essentials in python openedg certificate
- Attended Internet of things worksop
